ONLINE VERSION Electronic News from the Michigan Council for History Education June 2021, Vol. XIX, No. 10

Dear Friends of MCHE,

With the arrival of summer, now is the time to take a virtual trip to the upper Peninsula and learn about its fascinating history and culture. The Historical Society of Michigan offers many learning opportunities in their annual June Upper Peninsula Conference. Check out the attachment for complete details or visit www.hsmichigan.org

As a redisticting/reapportionment "fan", I encourage you to check out the efforts of the FIRST Michigan Independent Citizen Commission charged with this massive responsibility this year. The MICRD has held several meetings across the state already, but you can still attend, either virtually or in person, at any of the upcoming hearings. I urge you to assign attendance a hearing for your students, age appropriate. For details, see the MICRD attachment.

An interesting legislative topic was raised in a recent Mitch Albom column. This might offer you an opportunity to be a civic activist. Check out Mitch's column in the attachments.

Take advantage of the gradual re-opening of our many museums and historic sites. I just learned that Preservation Detroit will begin their summer tour program this month, with many great walking tours of Detroit. Check them out at https://preservationdetroit.org. Make this the summer you visit every official Michigan Historic Site, as listed at https://www.michigan.gov/mhc/

0,9075,7-361-85147---,00.html The 12 sites in the Michigan History Center (DNR) system offer many special activities during the summer. Make your summer more enjoyable... visit Michigan's historic sites and museums.

My continued thanks for the E Notes reporters and tech supporters who contribute most of the items in this and other issues.

Jim McConnell, MCHE E-Notes Editor
